OTHERS

# Aoi 3-in-1

Flexibly converted function and easily replaceable accessories

The baby can practise to drink with drinking bottle when toddling at 6th month. Only replace the silicon nipple with drinking straw and add handle to support them using by themselves in a simple way.

New-born

When the baby uses feeding bottles

Bottle + Silicon nipple

From 3rd month

When the baby knows how to grab

Bottle + Silicon nipple + Handle

From 6th month

When the baby starts learning how to drink

Bottle + Drinking straw + Handle

# FAQs

## Why should you buy from us not from other suppliers?

Because we have many competitive advantages:

- Wide variety of appealing & functional products
- Eco-friendly & safe materials with innovation for convenience
- Ready-to-ship & OEM options with high production capacity
- Japanese quality standards

## What are your payment conditions?

INOCHI accept following payment terms:

- T/T (50/50): 50% after PI/Contract; 50% before scanning B/L
- L/C at sight: apply for customers who have re-ordered more than 5 times
- Paypal
- Western Union
- Swift
- Payoneer

Shipping document including

## How can I get a sample and how long will it take?

Sample is free, but you must prepay freight. We will refund you by deducting in your order. It takes 3-7 days to deliver.

## What's the MOQ (Minimum Order Quantity)?

From 500-3,000 pcs depending on types of products

## How long does it take to deliver?

The delivery time depends on your location. It will take from 10 days to 60 days to transport you.

## Are the food containers safe and hygienic?

Yes, INOCHI offers Ag+ technology that helps antibacterial, deodorant, and keep food for a longer period of time.
